The Somerville Journal
Somerville Community Channel 16

STATE ENDORSEMENTS

Senator Jarrett Barrios
Representative Carl Sciortino
Representative Timothy Toomey
Dept. of Conservation & Recreation (DCR)

Help the community restore beauty to Somerville's largest green space: Foss Park (14.62 acres, 12% of Somerville's open space) is managed by Department of Conservation & Recreation, *NOT* the City of Somerville.

Let's show our State agency that residents really care about this park and the Foss Park community. Countless residents, visitors, athletic teams, children, and dog owners use the numerous amenities available for exercise and relaxation.

"crime prevention through park restoration"
